

Tracy Johnston, P.E., C.E.M

Senior Project Manager

Professional Experience

Mr. Johnston is a senior project manager with 15 years experience in civil engineering and environmental projects. Mr. Johnston has served as project manager for numerous Phase II assessments, designing, installing and successfully remediating both hazardous and regulated wastes in soil and groundwater. Some of Mr. Johnston's remedial designs include advanced in situ oxidation, aerobic/anaerobic biological treatment, air sparging, soil vacuum extraction, intrinsic remediation, dual-phase extraction, and groundwater pump and treat.

Project Experience

- **Nevada Division of Environmental Protection, LUST and EMAR Programs** - Project Engineer. Reviewed documents prepared by other consultants pertaining to assessment and remediation activities at leaking underground tank sites in northern and southern Nevada. Provided recommendations and consultation to the NDEP.
- **Berry Hinckley Industries** - Project Manager. Several sites in Nevada and northern California. Services performed in conjunction with petroleum product releases from USTs include environmental site assessments, regulatory liaison, permitting, corrective action plan preparation, remedial system design/installation/monitoring and coordination of operations & maintenance.
- **Gold Ranch Casino, Verdi, Nevada** - Project Manager. Services performed as related to a gasoline release included site assessment, remedial system design, installation and monitoring and coordination of operations and maintenance.
- **University of Nevada Reno** - Project Manager. Coordinated the removal of over 20 USTs, performed site assessment activities, regulatory liaison, permitting, remedial system design, installation and monitoring and limited risk assessment in accordance with the Nevada Administrative Code.
- **Western Energetix Corporation, Northern Nevada** - Project Manager. Services performed in conjunction with petroleum product releases from USTs include environmental site assessments, regulatory liaison, permitting, corrective action plan preparation, remedial system design/installation/monitoring and coordination of operations & maintenance.
- **Day Zimmermann Hawthorne Corporation, Hawthorne, Nevada** - Project Engineer. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation and monitoring.
- **City of Sparks, Nevada** - Project Manager. Coordinated removal of 16 USTs, performed site assessment activities, and a limited risk assessment in accordance with the Nevada Administrative Code.
- **Cutler Property, Susanville, California** - Project Engineer. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation and monitoring.

- **Schwengber Property, Silver Springs, Nevada** - Project Manager. Services performed in conjunction with a UST petroleum product release include environmental site assessments, regulatory liaison, permitting, corrective action plan preparation, remedial system design/installation/monitoring and coordination of operations & maintenance.
- **Time Oil Property, Fallon, Nevada** - Project Manager. Services performed in conjunction with a UST petroleum product release include environmental site assessment, regulatory liaison, permitting, corrective action plan preparation, remedial system design and report preparation.
- **Crose Properties, Truckee, California** - Project Manager. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting.
- **Big Tree Cleaners, Tahoe City, California** - Project Manager. Services performed included, permitting, regulatory liaison, corrective action plan preparation (chlorinated solvent contamination), remedial system design, installation, monitoring and reporting
- **Squaw Valley Ski Resort, Squaw Valley California** - Project Manager. Several sites. Services performed included coordinating and overseeing UST removal and contaminated soil excavation, site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting
- **Former Allied Washoe Bulk Plants, Susanville, California and Elko, Nevada** - Project Manager. Services performed included coordinating and overseeing contaminated soil excavation, dewatering activities, site assessment UST removal, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting
- **Shell Station, Kingvale, California** - Project Manager. Services performed included coordinating and overseeing UST removal and contaminated soil excavation, site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting.
- **Former Smithneck Country Store, Loyalton, California** - Project Manager. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting
- **Elko County School District property, Elko, Nevada** - Project Manager. Services performed included coordinating contaminated soil excavation, site assessment, permitting, regulatory liaison, corrective action plan preparation and reporting.
- **Gas-n-Save, Carson City, Nevada** - Project Manager. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting.
- **Carson Valley Oil Bulk Plant, Carson City, Nevada** - Project Manager. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting

- **Model T Casino, Winnemucca, Nevada** - Project Manager. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting
- **Chuck's Circle C Market, Cold Springs, Nevada** - Project Manager. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting
- **Shell Station, Sparks, Nevada** - Project Manager. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting
- **Former Mallory Electric Carson City, Nevada** - Project Manager. Services performed included site assessment, permitting, regulatory liaison, corrective action plan preparation, remedial system design, installation, monitoring and reporting

Education

B.S., Civil Engineering, Arizona State University, Tempe, 1988.

Professional Registrations

Professional Engineer, Nevada, License #17627

Professional Engineer, California, License #C 64731

Nevada Certified Environmental Manager, CEM #1620

OSHA, 29 CFR 1910 40-Hour, Health and Safety at Hazardous Waste Sites.
